

Sarah Owen, M.S. LPC is a founding and current faculty member with the Eden Energy Medicine Certification Program. She has taught in the program since its beginning and currently enjoys mentoring many of the advanced, Year 3 students. Her teaching style is interactive, using the experiences and energies of the group to support students in owning the power and elegance of the work in

their own way. Every class has teaching assistants, and individual guidance is emphasized.

Sarah maintains a vibrant and diverse practice as an Advanced EEM Practitioner. She holds a master's degree

in counseling psychology with expertise in several of the latest modalities that work with the brain and the energy system. Sarah offers 25+ years of experience and a unique approach to discovering and addressing core issues that result in distressing symptoms and patterns.

Eden Energy Medicine Foundations Course

Begins June 14 — Moorestown, N. J.

- Create or expand a toolbox for your own personal health and well-being
- Develop skills to teach or care for family and friends
- Integrate EEM into your professional health care practice
- Four 4-day weekends, plus one-to-one supervision
- Certificate of Completion
- Continuing Education Credits available

Donna Eden's Energy Medicine is the most comprehensive energy system available today. The one-year Eden Energy Medicine (EEM) Foundations Course consists of 4 quarterly classes designed to teach energy medicine fundamentals to both laypeople and professionals. Each class builds on the previous class, and instruction includes lecture, hands-on practice, and question and answer sessions. The program teaches skills for working with the body's energies to promote physical and emotional well-being and transform core limiting patterns.

Students learn to assess, balance, and enhance their (and others') basic energy systems for greater health and vitality, using Chinese acupuncture meridians, the chakras of ancient Indian medicine, Jin Shin methods, brain exercises from brain gym, emotions through neurovascular holding points, the body's electrical system, and so much more.

After successful completion of the Foundations Program, students receive a certificate of completion from Innersource. The Foundations program is a prerequisite to enrolling in the second year of the Two-Year Eden Energy Medicine Certification Program (EEMCP), held in Phoenix, Arizona. For more information, visit
